

WARDENS ARREST FISHERS

Kingsley and Others in Raid

SWOOP DOWN IN LAUNCH

Nets are Confiscated and Two Convictions are Secured

After traveling 150 miles in a launch and covering all the rivers, bays and inland waters tributary to the Mississippi between this city and Fountain City Deputy Game Warden Kingsley of La Crosse, McGinty of Darlington and Immell of Blair this morning returned to La Crosse after a three days' trip during which they caused the arrest and conviction of two illegal fishermen, seized a quantity of fishing apparatus and secured a number of Minnesota fishermen into taking out set-line licenses in Wisconsin.

The three game wardens left here Tuesday morning in a 35-foot launch chartered for the purpose and made a careful search of all the waters they could traverse between this city and the lower end of Buffalo county. The launch was sent into streams never before traversed by a craft of its size, even venturing eight miles up the Trempealeau river. All along the way set-lines were spotted and their owners, most of whom were Minnesota fishermen, given a chance to take out licenses. In every case they signed applications and evinced a willingness to observe the Wisconsin laws which they had ignorantly violated heretofore.

Thursday morning the wardens caught two Winona fishermen, Joseph Chison and Joseph Slawgeski, in the act of pulling a net in the Marshfield slough, arrested the fishermen and confiscated the net and fishing apparatus. A trammel net 150 feet long was secured. The men were taken to Fountain City, where they pleaded guilty to the charge of illegal fishing and paid fines of \$25 and costs each. This will no doubt serve as a warning to other Winona fishermen who have been flagrantly violating the Wisconsin laws in the marshes and creeks opposite Winona.

MAY BLACKLIST MEXICAN "PUG"

(Scripps-McRae Dispatch.)
LOS ANGELES, May 26.—Nolan admitted this morning if the fight gone under the terms offered by Nelson, he undoubtedly would have been beaten on account of the excitement he labored under.

Ordinarily Nelson would whip Herrera at 140 pounds.

The sporting public is "sore" and condemn the Mexican. An effort will be made to have the clubs blacklist him.

Nolan demanded the Mexican's weight forfeit.

CHINA'S EMPEROR IS DEAD

(Scripps-McRae Dispatch.)
PARIS, May 26.—A Pekin telegram mentions reports that the emperor of China is ill. It is rumored even that the emperor is dead.

"DOC'S DOG HAS BITING TENDENCY

So Dr. Kinnear Pays Tailor to Mend Roggensack's "Pants"

Dr. R. M. L. Kinnear today is preparing to pay a tailor for repairing a rent in the trousers of John Roggensack, and yesterday he applied soothing balm to a rent in the leg of the same gentleman, and he is "squaring it" with the Rev. W. J. Turner because the doctor's dog got out on a tear yesterday.

"Fido," usually a peaceable animal, decided he was misused yesterday, so he leaped upon the son of Rev. Turner, knocked him down, scratched him up a trifle and scared the life almost out of him. Soon afterward he took a decided dislike to Mr. Roggensack and bit a chunk out of his trousers. The trousers being of the "ice cream" variety the animal's fangs fastened in the flesh of Mr. Roggensack at the same time.

While it is impossible to replace the piece of leg, John Bangsberg, the festive Mill street tailor, is searching among his samples for a piece to match Roggensack's trousers and replace the section swallowed by the doctor's dog.

The doctor dressed the wound nicely. It has not been ascertained, however, whether the doctor "dressed" down the fractious "Fido."

LA CRESCENT VOTES SCHOOL

The village of La Crescent yesterday by a large majority voted to build a new school house to replace the present structure, which will be torn down.

Owing to the increased price of building material since the first contract was let a year ago and subsequently annulled by litigation in which the school district was involved it is found that the specifications for the structure will either have to be cut down or the district will have to vote more money than it did a year ago. The school authorities are now figuring with Contractor Blinston of this city.

JAP EMPEROR RECEIVED WRIGHT

(Scripps-McRae Dispatch.)
TOKIO, May 26.—The emperor received American Ambassador Wright most cordially. Ladies of the American embassy were present. Charge d'affaires Wilson starts for home Tuesday.

OFFICERS OF DEBATING CLUB

The following officers were elected by the Lincoln Douglas Debating debating society of the high school last night:

President—E. Fetzner.
Vice president—H. Moss.
Secretary—L. Strauss.
Treasurer—H. Schaldach.
Regent—J. Rehfuess.
Assistant regent—C. Wheeler.

It was decided to change the hour of the society's first annual banquet. It will be held at 6:30 o'clock instead of 8 o'clock at the Congregational church parlors, Tuesday evening.

CASHIER IS A SUICIDE

(Scripps-McRae Dispatch.)
BATTLE CREEK, May 26.—Frank P. Boughton, cashier of the National bank of Battle Creek, suicided by hanging in a bath room on account of ill health.

Prominent officials say his accounts are straight.

"BIG MITT" IS CENTERED HERE

Detectives Assert This City is Headquarters of a Gang

That La Crosse is the center of operations of a gang of "big mits" men who operate on the passenger trains in and out of this city and fleece numerous traveling men and others at cards is alleged to be a fact by Milwaukee railroad detectives who have been here recently securing evidence which they hope will eventually drive the sharpers out of this section of the country.

In local sporting circles the men who belong to this gang are well known. When not busy on the trains they hang out around the bar rooms of local hotels, spending money with a lavish hand, exemplifying the old gambler's proverb that "easy comes, easy goes." There are four old time gamblers in the gang, all of whom hailed from Chicago originally.

The methods of these card sharpers are well known to travelingmen who have been up against the game. They travel with sample cases like any travelingmen and are usually to be found in the smoking car reading papers or engaging in social intercourse like any ordinary traveler until the opportunity arrives for them to get into a game. Ordinarily if something does not start a short time after the train leaves the station where they board the train, two of the gang will engage in a little game and attract others into the play. Of course they play with marked cards and fix things up so that the "sucker" is finally tempted to bet his all on a full hand or four of a kind, only to find that the other fellow has four aces or kings or something that beats him. On one big hand usually ends the game and makes a good day's wages for the sharpers who afterwards divide the money.

DOUMA MAY BREAK TO IN A ROW

(Scripps-McRae Dispatch.)
ST. PETERSBURG, May 26.—Premier Gorenykin gave the government's reply to the Douma. A few minor concessions are made, but the principal demands are refused or ignored. When the address was read the deputies made fiery speeches charging the premier's speech an open challenge to the Douma. Hints were made as to the probable course of the Douma.

The unrest was increased by a rumor that a decree will be issued tomorrow dissolving the Douma.

Gorenykin announced the granting of universal suffrage and rejected the demands for full amnesty and the expropriation of land. Nasokoff declared the Douma had a right to address the czar directly, and insisted the situation was a constitutional absurdity and administrative power must submit to legislative authority.

The situation is regarded as critical. Gorenykin expressed fear that conflict is unavoidable.

GIVE UP EFFORT TO DISCARD DUTY

(Scripps-McRae Dispatch.)
WASHINGTON, May 26.—The California members of congress have practically abandoned their effort to secure legislation allowing California to import building material duty free. Democrats and republican tariff revisionists refused to commit themselves against offering amendments opening up the entire tariff revision. Others are ready with opposition on constitutional grounds.

FRANZ JOSEF IS ILL

VIENNA, May 26.—The emperor is seriously ill, suffering from intestinal inflammation.

HURLS CHAIR AT "JACK THE PEEPER"

William Hanson of the North Side Sees Face at Window and Chases

Upon seeking his room to prepare to retire last night William Hanson, 1417 Charles street, glanced toward the window and was chilled to see the face of a strange man glued against the window pane.

Grasping up a heavy chair Mr. Hanson hurled it directly at the window. It struck with great force, the broken glass was scattered for twenty feet outside.

Mr. Hanson hurried outside and attempted to secure track of the "Peeper," but he had fled. It is now known whether the intruder was cut by broken glass, but it is not believed he escaped unscathed.

For some months past the residents of the north side have been annoyed by a mysterious man who makes a practice of peeping into homes at about bedtime, and many efforts have been made to capture him, but to date all have been to no avail.

FALLING UMBRELLA STARTS RUNAWAY

Horse Owned by Adam Kroner Dashes Down the Street at Noon

Dashing at a mad gait down Pearl street considerable excitement was occasioned this morning by a runaway horse belonging to Adam Kroner. That no one was run down by the horse and wagon was a miracle as the street was crowded with rigs and pedestrians when the horse started on its journey.

The animal was standing in front of the store between Third and Fourth streets when a gust of wind blew a big umbrella attached to the wagon over onto the horse. Breaking its fastening the animal started at a wild gallop down street. In sloughing around the corner of Front and Pearl streets the rig was dashed up against the store of the La Crosse Plumbing Supply company, the animal fell and was captured before it could arise. Both the rig and harness were badly damaged. The horse was uninjured.

PIONEERS OF THE COUNTY GONE

Another pioneer resident of the county has passed to his reward. George King died at the home of his daughter, Mrs. Jacob Hatz in Bangor Tuesday evening after a short illness of old age, he having been born May 16, 1819, eighty-seven years ago. He was born in Canton Glarus, Switzerland. In 1844 was married to Margaret Ruedy who still survives him at the great age of 90. They moved to Serneus, Canton Graubunden, where they lived until 1845 when they came to America, settling in Bangor, where they remained since.

Four children were born to them, viz., Rosina, Andrew, Serena and George. Both sons preceded him to the Great Unknown. He leaves to mourn his loss his wife, two daughters, fourteen grand-children and fourteen great-grandchildren. The funeral service was held yesterday afternoon.

SHELTER ON MARKET FOR CITY WORKMEN

The grounds and buildings committee of the common council yesterday decided to recommend that a suitable shelter in which the city employees can spend the lunch hour at noon be erected on the market square. Other sheds on the square are to be repaired.

Wood work and a wall at the city pumping station are to be repaired. The committee also decided to construct a railing in City Comptroller Conner's office so he can have some privacy.

CYCLONE DOES HEAVY DAMAGE

(Scripps-McRae Dispatch.)
FORT WORTH, Tex., May 26.—A cyclone is reported around Granger about midnight.

Much property is reported destroyed. In Ellis county, J. D. Duke, wife and eight children were injured, a baby was killed and the house destroyed.

BRACE UP WEAKER LEAGUE TEAMS

President Powers of the Wisconsin state league, has called a meeting of the directors at Wausau June 1. President Elliott of the La Crosse association received a notice yesterday and will attend the meeting.

It is understood that steps will be taken at this meeting to brace up the Oshkosh, Eau Claire and Wausau teams which are all weak, and that the question of raising the salary limit will also be taken up. The salary limit now is \$1,000 per month and every club in the league is paying over that. La Crosse has one of the strongest and also the cheapest team in the lot.

MANY REPUBLICANS SUPPORT DAVIDSON

That Governor Davidson is the popular candidate among many republicans for the gubernatorial chair in this county is indicated by the avidity with which republicans are signing his nomination papers which have been received in the city and are being circulated today.

On the lists signed for Mr. Davidson are found the names of leading stalwart and administration men, and so far as this candidate is concerned factionalism seems to have been wiped out. Although the nomination papers were only received yesterday in the city Governor Davidson already has the required number of signers for the district.

WEATHER & WATER

- Rain and cooler tonight; Sunday cloudy with showers and continued cool.
- Coolest 50; warmest 70; wind 14 miles.
- The river will continue to fall steadily.
- Stage of water 8.0, a rise of 0.1.

The steamer Lizzie Cardner was nearly destroyed by fire in the harbor at Stillwater. Prompt action of the crew is all that prevented a serious disaster.

Mr. and Mrs. J. C. Roth, Tenth and Vine streets, celebrated their silver wedding anniversary Thursday night.

STANDARD ROTTEN TO IT'S CORE

Paid Draymen, Railroad Men and Others for Information

(Scripps-McRae Dispatch.)
CLEVELAND, O., May 26.—W. E. McEwan, formerly a Lake Shore railroad employe, before the interstate commission, said the road gave the Standard better rates than others.

Lake Shore employes received pay from the Standard. Newspaper editors were called in an attempt to show the newspapers were bribed to support the Standard.

E. B. Ellis, an Illinois dealer, testified his drivers were bribed by the Standard to secure reports on the oil sold.

DAGO STRIKERS BELIEVED TO BE WRECKERS

(Scripps-McRae Dispatch.)
HOFFMAN, N. Y., May 26.—A New York Central express was wrecked here early today. No human lives were lost, but nine horses were killed.

The locomotive and two cars left the rails.

The wreck was caused by misplaced fish plates, supposedly Italian strikers.

BAND CONCERTS TO BEGIN THURSDAY

The band concerts to be given this summer by Dana's band, under the auspices of the street railway company, at Myrick park, will start Memorial day, next Thursday, and will be continued at the park every Tuesday and Friday afternoon at 8:15 p. m. during the summer. Concerts will also be given every Sunday afternoon during the summer, excepting on Sundays when the league baseball club is playing at home.

TWO TENT THEATRES FOR "FRISCO"

(Scripps-McRae Dispatch.)
SAN FRANCISCO, May 26.—The city will have two theatres under canvas by June. The banks are doing a big regular business.

MERCHANTS VISIT TWO BIG PLANTS

The La Crosse Manufacturers and Jobbers' union represented by about thirty-five members, and a number of businessmen from the north and south sides visited two of the largest north side plants yesterday when they paid a visit to the Summit Foundry company's plant at the corner of Clinton and Wood streets and then visited the Vought-Berger company at the corner of Hagar and Summer streets.

They met at the corner of Main and Fourth streets and went in a car to the north side where they were joined at Clinton street by a number of north sliders who accompanied them to the Summit plant, where they were entertained for some time in viewing the construction of stoves and ranges from the time the molten iron comes out of the hole beneath the blower, until it is set up in the mounting room. They were taken through the various departments by Superintendent J. F. Qay, assisted by a number of other members of the company.

A large number of men are at present employed there and it is expected that the plant will soon be enlarged and more hands added. The visit proved very interesting.

From here they went to the Vought-Berger Telephone and Switchboard plant where they were taken through the factory and shown the construction of boards and phones. This visit was very interesting indeed and many learned facts of which they had never before known.

COLOR LINE IS DRAWN

Presbyterians Take Action Today

NO "BLACK" CHATANOOGA

Presbyterians Must Also Keep Away From the Fumes of Booze

(Scripps-McRae Dispatch.)
DES MOINES, May 26.—The Presbyterians drew the color line when a committee recommended the creation of a Chattanooga synod for negro churches. The negroes opposed the motion. Consideration was postponed until next year.

The Presbyterians who sign liquor bonds, petitions or rent property for saloons will be subjected to discipline in the future.

The assembly refused action on whether a Presbyterian lawyer has a right to defend liquor law violators.

50,000 ACCLAIM EDNA

(Scripps-McRae Dispatch.)
MADRID, May 26.—Fifty thousand people went to Parda Villa today to acclaim Princess Ena on special trains. The welcome was more vociferous than yesterday. Alfonso visited his fiancée early today.

HAYDEN-HESS

The marriage of James Hayden to Miss Nellie Hess occurred at La Crosse, Wednesday morning, says the Arcadian. The couple arrived here the same evening and are spending their honeymoon at the home of the bride in American Valley.

MERCHANTS VISIT TWO BIG PLANTS

They were taken to the wood room, shown the rough lumber, then the boards as they come through the machine, then to the finishing room where the parts are varnished and finished and then to the assembling department where the parts are put together.

They were then taken to the machine shops where the various parts are made, to the plating and buffing rooms, dye rooms, dry kiln which has been recently installed and to the store room and many of the other minor departments, all of which proved to be very interesting and some of the members could, as they expressed it, spend the entire day there with much interest.

The Vought-Berger company plant has been growing steadily for some time although they had a severe setback some time ago when the factory was practically destroyed by fire.

The entire plant has been remodeled since then and they now have an up to date factory in every way. They send their phones and switchboards to all parts of the world, a fact which few residents of La Crosse know, and the large number of phones and switchboards which are being turned out is increasing rapidly.

They now have enough orders to keep them running the entire season without the large rush which is coming daily and at the present rate they will soon outgrow their plant which will then necessarily have to be enlarged.

SOCIETY

By ALICE W. WHEELER

The unsettled state of the weather has played havoc this week with country rides, picnics, lawn fetes and launch rides. Many affairs which were scheduled were pulled off or postponed indefinitely. All are looking forward with anticipation to decoration day, which many pleasant little outings have been planned should the weather be fair and pleasant.

BIRTHDAY BREAKFAST.

Last Saturday Mrs. N. S. Donaldson entertained several of her neighbors and several teachers at breakfast in honor of the birthday of her husband. It was also the birthday of two of the guests, Mrs. Crosby and Miss Harrison. Those invited were Dr. Oscar and Mary Houck, Messrs and Mesdames Albert Hardy, Alex Hyslop, F. H. Fowler, Mrs. W. L. Crosby, William and Margaret Crosby, Miss Genevieve Caldwell and Miss Hatty Harrison.

A party from the city consisting of Messrs. and Mesdames W. S. Cargill, F. M. Hanchette, Harry West, Craft, Dr. and Mrs. Maine, Mrs. W. W. Cargill, Mrs. B. George Burton and Mrs. J. W. Skinner went to Eau Claire to attend the base ball game.

Miss Anna Pamperin will entertain the Wednesday afternoon Embroidery club next week and a few other guests.

Mr. and Mrs. Henry Gund have moved into their new palatial home

T. H. Spence has returned from a
business trip to Winona.

Mr. Clint W. Ford who has been identified with the
very foremost dramatic attractions, including Gil-
let's "Secret Service Co.," "David Harum," "The
Clansman," etc., has this today of Newbro's Herpicide:

"For years I was annoyed with
dandruff and itching of the scalp, all
due to my twenty years of theatrical
life with its incumbent "make-up"
and wig wearing. At times the it-
ching of the scalp was intense. All re-
medies failed me until I tried Herpicide,
and I soon found that it was giving
wonderful results. The itching and
also the dandruff, entirely ceased and
my hair resumed its natural life and
vigor.

There is no question in my mind
about the reality of the dandruff
germ, and I unhesitatingly recom-
mend Herpicide to my friends in the
profession."

(Signed) CLINT G. FORD.

THEATRICAL FOLK

Use and Recommend

NEWBRO'S HERPICIDE

Extravagant claims for toilet remedies do not influence theatrical people, because long experience enables them to discriminate intelligently. They demand merit and will rarely use a preparation that is not actually worth as much or more than it costs in dollars and cents.

Herpicide kills the dandruff germ and by actual test does more good than all other hair remedies combined. This accounts for its popularity in theatrical circles.

"Queen Roselle" writes of
Newbro's Herpicide

"I take pleasure in announcing the very satisfactory
results I have had from the use of Newbro's Herpi-
cide. My hair was falling out so rapidly that I was
afraid I would lose it all. A friend advised Herpicide
and after using it faithfully my hair stopped falling
out, the dandruff disappeared and my hair is now
very soft and glossy.

I would like to see every lady of the profession try
Herpicide, for I am confident that they would be de-
lighted with it.

(Signed) QUEEN ROSELLE.

GETTING THE GO-BETWEEN.

A case of freight rebating having been established against a certain railroad, it naturally was a go-between and not an official of the road that was found guilty by the jury.

L. B. Thomas, a broker, and his clerk, one Taggart, acted as agents for the railroad in the distribution of the rebates. The evidence was conclusive, although the recipients of the rebates were not inclined to testify against the railroad or Thomas. Within thirty minutes after going out, the jury found the two gentlemen guilty and the usual steps for a new trial were immediately taken.

The president of the road, and the directors and the superintendents, of course, are "immune." The broker who handled the rebates, of course, is guilty.

EVIDENCE TENDING TO VINDICATE.

Having admitted on the witness stand that, in anticipation of the consummation of a "deal" whereby he was to "acquire" 40,000 shares of Light Trust Common Stock and purchase a few shares of Light Trust preferred at the same time he voted the proxies of men too busy to be present in favor of leasing the merchants' lighting plant to the Light Trust four months after it had paid a 10 per cent dividend, in anticipation of the approaching "failure" of the Merchants' plant—having sworn that in anticipation of this deal he peddled some of the common stock that he was to "acquire" if the deal went through, in order to use the proceeds of these sales in meeting his payment for his block of preferred stock, Mr. Gelatt concludes in his newspaper that the lease was justified. The testimony on this point was as follows:

Q.—"While you were going around were you not negotiating with the stockholders to take over some of the common stock in the old company which you had been promised?"

Mr. Gelatt—"Yes, I proposed to several to take this stock in order to help me raise the money necessary for me to take care of my share in the deal."

You see, Mr. Gelatt was selling his "gift" of Common Stock to stockholders who had a right to share in it free if the "deal" was fairly made, and who were defrauded by his "acquisition" of it if the "deal" was not a proper one. He sought to make associates contribute to his means of doing them an injury by which he would personally profit. This was the evidence he gave, and he concludes therefrom that, "the lease was justified."

Mr. Gelatt testified that he spent two weeks "seeing" stockholders about the "deal," to "save time," and again that a regular meeting was not called, but could have been called in five days. So, to "save time," he LOST the difference between fourteen days and five days, or "to save time" he consumed by an illegal method nine days MORE than the legal method would have required. And at that, he didn't get around to tell ALL the stockholders. So he concludes that "there was nothing secret about the deal."

That sort of vindication will hardly stand up—at least, it will hardly

stand up before a court and jury before which it will be presented in a short time.

"I heard is not so good as I saw," nor "so 'tis said" as "I read." Thus, the types advertise us a thousand-fold more widely than "our loving friends."

The news that there is no chance of bringing the fiber factory to La Crosse is accompanied by the statement that the loyal support given by Winona people would make removal unfair dealing. Mr. Boynton is correct in presuming that La Crosse does not want to get factories that way.

Another accident jeopardizing the lives of some sixty persons repeats the warning against the dangers of the Mill street railroad crossing. It is not a question of who is at fault; it is a problem of how soon the entire danger can be eliminated. Expense should not be permitted to figure in the matter.

The brewers of La Crosse have invited the president of the civic league to meet them in conference. The saloonists have met him, and he has changed his plans in some respects owing to their having convinced him he was in error in some things. If horse sense is to become a substitute for horse play in a civic society, there is a chance for good results without business restrictions.

THE STATE PRESS

Chippewa Falls—The jury in the Farr divorce case answered "no" to three questions as to whether the former assemblyman, the defendant, was guilty of serious charges. The original divorce action will now be taken up.

Marinette—After fourteen years of struggle against financial stress and difficulties the Mariette Young Men's Christian association closed its doors Wednesday.

Rio—Roy Rockwell, 15 years of age, of Chicago, was found dead on the railroad track two miles east of here. He fell off a "blind" baggage car.

MISS MOE WEDS JOHN CARLSON

Miss Gena Dorothy Moe and John H. Carlson were united in marriage yesterday afternoon at 2:30 at the Norwegian Lutheran parsonage by the Rev. E. O. Vik.

Miss Carrie Olsen acted as bride's maid and Astrup Moe, a brother of the bride was best man.

Only a few relatives and friends witnessed the ceremony after which they repaired to the home of the bride's parents, Mr. and Mrs. Ole J. Moe at 1618 Charles street where a dainty wedding dinner was served.

Miss Moe is a well known young lady of the north side and Mr. Carlson is employed as a fireman on the Burlington.

They left for St. Paul to spend a few days after which they will return to the north side and make their future home at 1615 Charles street.

BACHELLER WANTS FIRE STATION ON MARKET

Alderman Bacheller will bring up in the June meeting of the council a proposition to utilize a portion of the market square for a site for a new central fire station. The city will in this way save \$7,000 or \$8,000.

It is pointed out that the alley corner on ay street would be a good site and would not interfere in the least with the market itself. This site now has on it a large shed which is not being used.

Coffee Drinkers—Versus—Beer Drinkers

Thousands of men and women ruin their health by habitual coffee drinking. Coffee produces indigestion, billiousness and insomnia, because (being an astringent) it dries up the peptic glands and strains the nerves.

Whereas medical authorities declare a fully matured barley malt beer if properly brewed and flavored with the tonic juice of fine Bohemian hops like

Gund's Peerless Beer

is one of the most wholesome and nourishing drinks in the world. It builds up bone and brain, gives energy to the mind and brings the red glow of health to the cheek. It contains only 3½ per cent of alcohol. Hence it is a truly a temperance beverage. Dr. Josiah Zeisler of Northwestern University of Chicago, says: "I fully believe that the moderate use of a good beer at meal times acts as a tonic, and is therefore useful to adult persons." Peerless is sold everywhere, but bottled at the brewery only where it has been brewed for over fifty years by the celebrated "Gund natural process."

All high-grade places stock it. Ask for it if you want something better than ordinary. Try a case delivered to your home. Telephone us today, we deliver it at once.

We Make Our Own Ice Cream

ORDINARY Ice Cream may be good enough for some fountains, but we want the best that can be made for ours—that's why we make it ourselves. It costs us more for materials than we

could buy Ice Cream for already made, but in the latter case the quality would be missing. We use the richest cream, sugar, and pure fruit flavors—no cornstarch, artificial extracts, or other substitutes—and the result is an Ice Cream of velvety smoothness and utmost richness and delicacy.

Try a dish of it at the fountain or in a Sundae or Ice Cream Soda. You will at once see why we make our own Ice Cream.

Mayor Hustled
Money From
Them

RACINE, Wis., May 26.—One hundred and twenty-five business men and capitalists were summoned by quick delivery letters to meet Mayor Nelson at the city hall last night for what purpose they knew not.

Mayor Nelson left for Milwaukee after mailing the letters and did not return until last night, when he met the men and explained that he desired to raise \$20,000 for beautifying the public park. Men present agreed to pay \$1,080 annually for five years, and this amount will be increased to \$3,000 annually. Had not the mayor called the meeting as he did, there would not have been a corporal's guard present.

ATTENDS CONCLAVE
OF MYSTIC SHRINE

T. M. Liddell, foreman of the C. M. & St. P. shops on the north side, accompanied by his wife and daughter, left yesterday for Chicago to attend the Imperial Conclave of the Mystic Shrine.

They had intended to go to Los Angeles where the meeting was to have been held, but it is now taking place at Chicago, the funds which would have been used at Los Angeles are being sent there for the relief of the San Francisco sufferers.

C. J. Wilcox is attending to the duties of Foreman Liddell during his absence.

RAILS PROTECTED

Game Warden Kingsley announces that a mistaken impression has gone forth that rails, a small bird frequently killed by sportsmen, are not protected by the game laws.

Investigation of the game laws reveals the fact that a minimum fine of \$50 is provided for the killing of these birds.

Memorial services for the south side G. A. R. and auxiliary lodges will be held in the First Presbyterian church tomorrow, while services on the north side will be conducted in the Caledonia street Methodist church.

THE WORLD'S LARGEST POLAR BEAR

RECEIVED BY LA X CLOTHING COMPANY.

The largest polar bear on exhibition in this country and, as far as known, in the world, is now in the possession of the La Crosse Clothing Co. The bear measures over 9 feet from tip to tip and stands 11 hands high. This immense beast was shot a few years ago by a party of Norwegian explorers while traversing the cold and icy regions of Norway. The monster weighed as much as our ordinary draft horse and represents the largest and most perfect specimen of polar bears. The bear was mounted in Norway by an eminent Norwegian taxidermist and the class of workmanship shown in bringing out the live and ferocious nature of the animal and the general polar effect of the beast is marvelous and something seldom seen in this section of the country.

This immense polar bear was imported from Norway about two years ago and it was not until about two months ago that the La Crosse Clothing Co. learned of its existence and its whereabouts in this country.

As La Crosse Clothing Co. manufactures the Bear Brand line of workmen's clothing and their trade-mark being the Polar Bear makes this not only one of the most appropriate acquisitions but one of the most interesting sights in La Crosse. The bear is now on exhibition in the salesroom of the company 123-125 North Second street.

SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.
